Emigrants and Brethren!

Below we publish for your information the names, surnames and addresses of Soviet agents, whose co-citizens have perpetrated the terrible massacre at the Three Rivers.

Whilst being accepted in our midst, they are engaged in subversive activities, and have gone so far as to give open theatrical representations, under the protection of certain unprincipled emigrants, who have spoken in the Press in defence of Soviet citizens.

A few days ago a theatrical company known as the "Petrushka" arrived from Harbin to amuse the emigrants. Some of its members belong to the Soviet actors' organization called "Rabis". The performances are given at the Canidrome and you should remember that every dollar you give for their benefit will go towards subversive activities against you and the equipment of G.P.U. with weapons. The names of these actors are as follows (with the exception of those who joined them from amongst the emigrants and whose names we consider it below our dignity even to mention).

Yakovleff, Domracheef, Shuslin, Baturina, Gerp, Krasavina, Dalevich.

The time has come when duty before our Faith and Russia calls us to wake up from passiveness and to begin a struggle wherever the opportunity presents itself. The first thing to do is to publish, for general knowledge, the names of those who are our enemies, and we guarantee the information to be authentic by our fidelity to the national Russia.

There will probably be some who will accuse us of provocation, plotting etc. Those, however, who will see the list and who still bear love for their country and hatred for those who have turned our churches into places of amusement, having renounced the word RUSSIA, will not think so.

For the sake of the past struggles of the Whites, for the sake of those who have been tortured and massacred, for the sake of the speedy freedom, we appeal to you for your help in our movement.

KLEINERMAN, proprietor of the "Little Chocolate Shop", Avenue Joffre, and "Chocolate Box", Bubbling Well Rd. next to Embassy.
